Go down track, under railway and go left up steps to a stile. Cross stile and keep on through several stiles keeping above and on right of stream until road.

Stay on track until a stile on right is reached (not the first stile). Cross this and run slightly uphill across a crassy field to a stile by a farm. Cross stile go left and then right through farm yard.

Turn right on road until a farm is reached on right. Opposite this is a track going left. Take this and stay on it.
